

The 2020 Fall Workshop is going
VIRTUAL

Due to COVID-19 policies, we are unable to be together however that's not stopping us (see reverse for agenda and the general plan)

Registration for the workshop is now OPEN. You may register online via PayPal (oabb4u.org) or by mailing in your registration/fee to:

OABB Education Committee
Sandi Gerhan, MEd, MT(ASCP)SBB
254 Glenview Dr
Avon Lake, OH 44012

Registration is required to participate. Fees have been reduced due to format change. Registration deadline is October 10, 2020.

Please return this form with your payment (one registration per form)

Fee: \$25 (individual member as of Sept 1, 2020) \$30 (Non-member) \$10.00 (Student)*

Name _____ Member # _____ Phone (____) _____

Institution _____ Email _____

*The student registration fee is applicable when registration is accompanied by a letter from the program coordinator

EMAIL must be provided to participate In the workshop. Registration confirmation will be emailed when payment is received. Please be sure the email address provided will accept messages with attachments. The workshop will be presented via WebEx so the email must be able to receive links for the presentations.

The Manufacturing Process

Darlene Morris, BS, SBB(ASCP) MBA

Describe the eligibility criteria and manufacturing process for standard whole blood and apheresis derived products

Components: What are they for?

Colleen.Baumer, MPH, MLS(ASCP)CM

Discuss patient criteria for standard component use.

COVID-19 Convalescent Plasma

Erin Goodhue, DO, MPH

Discuss the donor criteria and patient criteria for COVID-19 convalescent plasma including current success rates

Special Attributes and Modifications

Cyndi Condrey, MT(ASCP)SBB,

CQA(ASQ)CMQ/OE, PMP

Discuss special attributes and modifications of components such as CMV negative, units for babies, HLA matched, split units

The plan:

- Registrants will be emailed WebEx links for each pre-recorded presentation around October 1. Complete the courses at your pace, on-demand prior to the live meeting. The email provided at registration must accept links to WebEx and Survey Monkey
- The link will provide not only the speaker/PowerPoint presentation but also a link to a Survey Monkey questionnaire with multiple choice and true/false challenges and the evaluation related to each presentation. There will also be an opportunity in the Survey Monkey to ask questions of the speaker.
- During the week of October 26, we will host a live 60-90 minute "meeting" where all questions asked via the Survey Monkey will be answered by the speakers. Participants will also have the opportunity to ask follow-up questions. Again, a link to the meeting will be sent to the email provided during the registration.
- One (1) contact hour of continuing education credits can be earned by watching each prerecorded presentation according to ASCP Continuous Maintenance Program (CMP). See <https://www.ascp.org/content/board-of-certification/stay-credentialed> for more detailed information.

"Formal continuing education courses: **ACCME, ASCP CMLE, AACC, professional societies (including state, regional and ACCENT, ASCLS PACE, CE programs sponsored by other local societies and chapters, universities and colleges or continuing education courses sponsored by national or international professional societies)"

Please contact Sandi at oabbeducation@oabb4u.org with any questions.
